CREATING YOUR COMFORT ZONE

# SIT STAR™ SERIES

Designed for comfort, safety and durability. This unique seating is perfect for industrial, institutional and medical applications or computer workstations and offices.

The Sit Star offers an oversize tractor-shaped seat constructed of PVC coated gel molded on a metal frame. The soft polyurethane seat is a generous 19"W x 14"D to accommodate a wide range of body types and sizes. Pneumatic seat height adjustment. Units feature three styles of base to fit your individual needs. Optional back available. Choose from Metallic Black, Blue, Gray, Green, Red or Yellow. Some assembly required.

Optional back

Durable soft polyurethane tractor seat is 19"W x 14"D

Pneumatic seat height adjusts from 23" to 31"

Adjustable 18" footring

Elevated five-star 26" Chrome base

2" dual wheel carpet casters

Distinctly different stool with uncommon seating comfort. Choice of three bases or add the optional back.

6660 - 26" 5-star chrome base with raised 18" adjustable foot ring and carpet casters.

6663 - Welded steel base with fixed foot ring and floor glides.

6659 - Polyurethane steel base with 18" adjustable foot ring and floor glides.

Uncommon look and bright colored seats are the hallmark of this unique stool series.

## Seats and Backs are available in 6 Colors:

\* Add color code to model number when ordering.
